Smooth Primed MDF

The affordability and versatility of Medium Density Fiberboard.

MDF is a common material used for trim, cabinets and other materials. The super smooth finish and clean lines add style and dimension to any room.

- Choose from 1 x 6 or 1 x 8 in a reversible board
- Installed with either the v-groove or the nickel gap facing out
- Field coat with any flat, satin or gloss latex finish in your color of choice

STYLE	SMOOTH MDF
PLANK SIZE*	5/8 x 6 Actual 5/8 x 8 Actual
PLANK LENGTH	16 ft
TYPE	MDF, primed
EDGE PROFILE	Reversible tongue & groove with 1/8 in nickel-gap/v-groove
COVERAGE	6" = 7.01 sq ft per board 8" = 9.69 sq ft per board

PRIMED WHITE

MDF planking is best used in interior areas where moisture is minimal. Wet basements, bath and laundry washing areas, backsplashes, covered porches, and exterior ceilings/soffits are some applications to avoid.
