

# Smooth Pine Collection

## Classic, versatile 1x6 tongue and groove.

Upgrade any room in your house, cottage, or cabin with "the original" paneling profile. We make it even better with the option of classic v-groove or a more modern nickel gap edge. Select from our rich heavy-bodied stain colors for a warm, dramatic wall or ceiling, or go all-natural with our satin clear urethane finish. For a more modern, bright look choose the finished finger joint pine plank in solid Pure White or a custom solid color of your choice.

- 1 x 6 tongue and groove
- Choose from v-groove or nickel-gap edge joint
- Matching trim available in Saddle, Buckhorn and Smokestack
- Touch up kit available

MATCHING TRIM	1 X 4 X 12' #2 Pine
COVERAGE	4.94 sq ft per 12' board 6.59 sq ft per 16' board

This is a natural pine product that will include characteristics such as knots, broken knots, splits and some warping. Color and texture variations are also common. Expect to sort and layout boards prior to installation to meet your specific expectations for usable material. Defects can be cut out and discarded. Depending on your specific threshold of "rustic," waste factors of 10% or more may be expected.

PURE WHITE - FINGER JOINT PINE

Custom solid colors are available in Finger Joint (Paint Grade) Pine. Special order with a 500 square foot minimum.
